

Public Art Exhibition on Hilton Head Island

**Presented by: The Community Foundation of the Lowcountry
October 1, 2018-January 31, 2019**

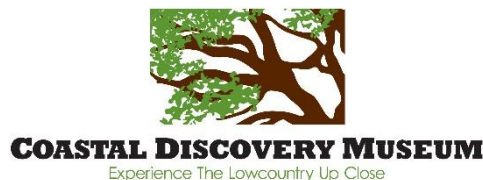

<http://cf-lowcountry.org/About/CommunityLeadership/PublicArt/Exhibition.aspx>

Guided tours for school groups are offered by the Coastal Discovery Museum. The tour fee is \$3 per student.

Apply for funding from the Island School Council for the Arts (ISCA).

Every other year since 2011 the Community Foundation of the Lowcountry has put together a unique Public Art Exhibition displayed at the Coastal Discovery Museum. The exhibit was postponed in 2017 due to hurricane Matthew debris clean up. This year 19 attention grabbing sculptures will be displayed at the Museum and 1 at the HHI Airport. The Coastal Discovery Museum offers guided tour for school students. This tour gives students the opportunity to view and analyze unique, large-scale outdoor artwork, learn about different techniques and the artists' intentions, use creative thinking to find their own meaning in a piece of artwork, and discuss design, technique, materials, and much more. Guides will also share background about artists and their vision too.

Please fill out the application below to apply to have your students participate in a guided tour funded by the Island School Council for the Arts. A limited number of ISCA funded tours are available.

Island School Council for the Arts

Application for:

Coastal Discovery Museum Guided Tour of the Public Art Exhibition

Name:

Position:

School:

Grade(s):

Number of Classes:

Number of students:

School Address:

School Phone Number:

Email Address:

How will a tour of the Public Art Exhibition benefit your students?

Are you interested in combining this visit with another Coastal Discovery Museum activity or program? If so, which program(s).

Application can be mailed or emailed to:
