COASTAL DISCOVERY MUSEUM
Experience The Lowcountry Up Close

Kids Story Time is a free Coastal Discovery Museum online resource for teachers to use with their students. We ask that all teachers using this resource register to use it. Registration helps the Museum acquire funding so that we are able to continue to offer these resources free of charge. Please only share this content with teachers and students that are included in your registration. Teachers can register to use online resources at... <https://www.coastaldiscovery.org/home/discover-and-learn/school-programs/>.

"Crab Moon" by Ruth Horowitz

1. Vocabulary

Suggested vocabulary to review prior to watching Kids Story Time video.
Full moon, tide, and bay.

2. Story

Share this YouTube link with your students, screen share the video and watch it online with your students, or watch together in the classroom.

<https://youtu.be/JzFHCMIEy1o>

3. Suggested Activities

Pre-K/K - Color the "Parts of a Horseshoe Crab" worksheet, notice that its body parts are labeled. Then, as a post-activity, draw your own horseshoe crab. Did your students remember to include all of the body parts of the horseshoe crab in their drawings?

1st Grade: Complete the Phases of the Moon Puzzle.

SC Science Standard Correlations:

K.L.2A.1 Obtain information to answer questions about different organisms found in the environment (such as plants, animals, or fungi).

K.L.2A.3 Develop and use models to exemplify how animals use their body parts to (1) obtain food and other resources, (2) protect themselves, and (3) move from place to place.

1.E.3A.2 Use data from personal observations to describe, predict, and develop models to exemplify how the appearance of the moon changes over time in a predictable pattern.
